* *What is Mellon Skills Accelerator, the inventive social Initiative?*

n innovative professional skills development, empowerment and holistic acceleration program, which answers in the perspective of professional way out and mainly, in the urgent and contemporary needs of those suffering from unemployment, marginalization and poverty.

- **Target**, the entry and stay of more people in the labour market
- Offered **at zero cost** with main target group the unemployed
- Structured in: (1) **Intensive skills acceleration cycles** in corporation with Municipalities of Attica Region and (2) **Open to the public thematic seminars** for skills development on different sectors and fields in corporation with public and private sector
- Designed and implemented by the Collective Social Cooperative Enterprise knowl for Education and Lifelong Learning
- Based on an **operational voluntary model**
- Funded by own resources and private funds.

* *For what else does it stand out?*

 *the beneficiaries and participants*

 *the network of volunteers trainers*

 *the network of Ambassadors*

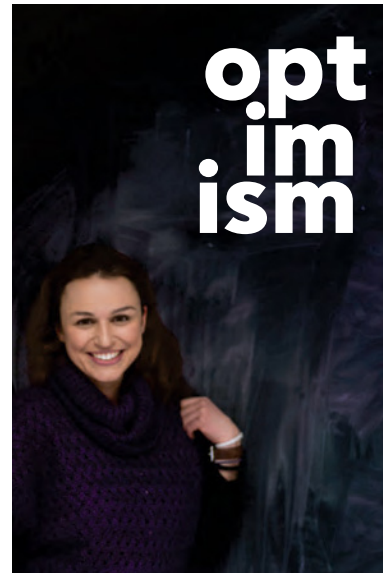

A standard community-participatory model for the democratization of knowledge and the creation of a well-established society

A community that is constantly growing, evolving, participates, discuss, highlights, transfers and creates new standards for cooperation, synergies, best practices and professionalism.

** Why is it innovative?
Why does it work?*

Mellon adopts a personalized approach. It aims to strengthen **each person individually**, in a tailor-made way, **on the basis of their own professional profile, their own needs and aspirations, serving their own professional choices**, transferring directly applicable knowledge.

*Unique testimonials
